

This PDF file contains two different styles of buntings: one is white text on a regular burlap texture, while the other is white text on a blue burlap texture. When printing this PDF file, you can mix and match styles, or use the following:

For a plain burlap bunting: pages 2-4

Or maybe in blue burlap: pages 5-7

You could try alternating (starting on plain burlap): pages 2,6,4

Or alternating (starting on blue burlap): pages 5,3,7

(When you go to print this PDF and the “Print” dialogue opens on your computer, there should be an option somewhere to print specific pages.)
